Levite Job Descriptions

No matter what job you have, please make sure you stay at your station the entire time. When Afternoon Celebration begins, please come straight back to the main hall for Afternoon Levite Devotion.

Sports

Assist Sports director with running the sports station. Remember – you are there to assist the kids and enjoy your time with them. Have fun with this! Please listen very carefully to instructions from the Sports Director and stay involved the whole time.

Food Tent

Serve snacks to the participants. Those who are running the food tent are welcome to have 1 snack of their own but please try not to eat in front of the kids and do not offer snacks to other Levites.

Family Helpers

Stay with your assigned Tribe and help the kids through their various activities. It is very important that you stay focused with this job. There are a LOT of young ones at VBS and you are greatly needed to keep an eye on them, help them to the bathroom, assist them in the Marketplace and travel from station to station.

Drama

Act your parts DRAMATICALLY and LOUD. The more you are into your part, the more the kids will enjoy it. This is a time to really express yourself.

Marketplace

You will be assigned to a specific Marketplace Booth when you get down to the basement. Please read the craft instructions and make sure you assist the kids with getting their crafts started and keep them moving. Please do not make a craft for yourself because we have limited supplies and want to have enough supplies for all the participants.

Photographers

- Please give the photographers their checklist worksheet each day.
