

Apostle Paul Passport Craft (Detailed version)

© www.MagnifyHimTogether.com

Please refer to the post on www.MagnifyHimTogether.com for details of the passport craft.

INSTRUCTIONS FOR PASSPORT CRAFT

Printing and Assembling the Passport

- Print page 3 (cover) on cardstock (single sided).
- Print pages 4 (identification page) and 5 on regular paper (double sided).
- Print several copies of pages 5 and 6 (double sided). The number you print will depend on how many of Paul's journeys you plan to cover in your lessons.
- Cut all the pages in half along the dotted line.
- Fold the pages in half and staple on the fold to make a booklet.

Printing the Stamps

- The destination stamps are in a separate file. Print the stamps on Avery labels #22805.
- If you do not have access to these labels, you can print on regular paper and cut them out. Alternatively, you can use the stamp file from the simplified passport.

How the Passport Works

- Introduce the passport during the first lesson of Paul's journeys.
- Have each child fill out the "identification page" with their own details and attach their own photo.
- Place the corresponding city stamp in the "destination box" when Paul visits or passes through that city in the lesson you are covering.
- Write the destination, lesson number and Paul's travelling companion/s.
- Write the key events that happened at the place Paul visited.

*“To give light to them that sit in darkness ...
to guide our feet into the way of peace.”*

Luke 1v79
