  - d) both a and c

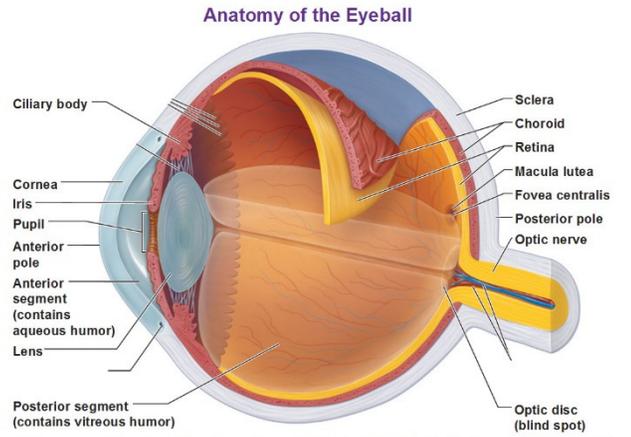

[-Copied from Scott Huse, *The Collapse of Evolution*, 1983, p. 44.]

**FIG. 1** Missing Links. Wanted, dead or alive, are the numerous missing evolutionary links. Their complete absence deals a fatal blow to the general theory of organic evolution.

## True or False

- \_\_\_\_\_ 10. God has a particular time period in which he plans to complete His purpose.
- \_\_\_\_\_ 11. If the pieces of a watch don't come together by chance, neither would the intricate parts of the human body.
- \_\_\_\_\_ 12. God wants to fill the earth with people who learn to live like Him.
- \_\_\_\_\_ 13. Death is something that just developed by chance.
- \_\_\_\_\_ 14. Everyone who believes in evolution doesn't believe in God.
- \_\_\_\_\_ 15. Just because we know God created us doesn't mean we should serve Him.

## Short Answer

16. Our bodies are more complicated than the best computers. How does that help to disprove evolution?

---

---

17. What is one reason why people like to believe in evolution? \_\_\_\_\_

---

18. How can we be different from the children in our school or neighborhood? \_\_\_\_\_

---

19. Why can't you believe that God slowly created our world over millions of years through evolution?

---

---
