

Costumes

The following is a list of the items for your costumes. I have also indicated hair ideas, where applicable. Where a '*' is indicated, this means that you are required to provide those items. Please keep all of your items together so that we don't lose any pieces!

Makeup will be done for you the day of the play – I will have all of the makeup necessary. Each girl is expected to bring their own mascara and false eyelashes, where indicated. Hairstyles are ideas only – I have put a fair amount of thought into matching hair with your costume/country and so that each girl looks different. If you have other ideas, please feel free to bring me your suggestions!
