

Fold the large square on all of the light dotted lines. Fold as shown in the picture. Glue the small verse square onto the top of the folded large square, glue the back of the folded large square into the lap book.

Art by Aunt Karen Pillion.

Cut out the rectangles, leaving them attached. Fold the glue taps inward and glue to the back of the rectangles together to make a little pocket. Decorate the outside of the pocket with a piece of fabric or by colouring to make the sick man's bed. Cut out the 2 sick men and glue them back to back. Draw a happy face on one, and a sad face on the other. Tuck him into the pocket.
