

**True or False?**

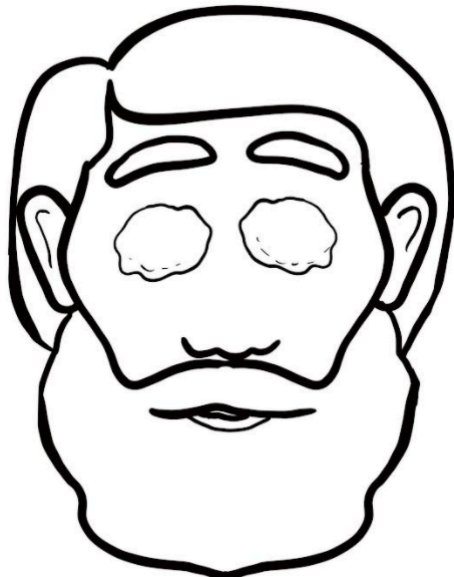

It was the middle of the week when Jesus found the blind man.

The man was blind because of an accident when he was a boy.

The Pharisees were so happy that the man was now able to see.

The man believed that Jesus, by God's power, had healed him.

Cut out the large and small rectangle. Cut the colouring piece in half on the dotted line. Fold the larger rectangle inward on the dotted lines. Glue the colouring page to the outside of the flaps. Answer the True or False questions. Glue the back of the large rectangle into the lapbook
