

LESSON 13

JOSEPH AS RULER IN EGYPT

God was with Joseph and had brought him to Egypt for a purpose – but it must have been so hard for Joseph to understand what was happening! He was in a good position working for Potiphar's house, then thrown into prison; then just when it looked like the butler might be able to free him, he was forgotten for another two years!! What a lesson in patience!! We must remember all things happen according to God's purpose – we're praying for the Kingdom but it hasn't come yet! We must have patience and know that it will happen in God's timing! This week, pray for patience while we wait for the Kingdom to come.

LESSON 14

JOSEPH'S FAMILY COMES TO EGYPT

Joseph was so powerful in Egypt that he could have put ALL his brothers in prison – or even had them killed! But he was not angry with them as he knew that his life had always been in God's hands. He was glad to see that his brothers were sorry for what they had done. When we realise we have done wrong, we too must show that we are sorry.

LESSON 15

JOSEPH'S FAMILY COMES TO EGYPT, AGAIN

Joseph did not hate his brothers for what they had done, instead he could see that God had used the circumstances in his life for good! Sometimes upsetting things happen in our lives, but always remember that God is with you and watching over your life – remember your angel shadow!! This week, talk with your family about how God has worked in their lives.
